## Tamara

- Local History Digitization Projects:
  - Responded to emails and provided guidance to library staff about digitization projects.
  - With Tim Drexler, started to update the Recollection Wisconsin (RW) data dashboard. There are some issues with CONTENTdm's data. Andi Coffin (WILS/RW Administrator) is contacting OCLC about the issue. The dashboard will be updated after the issues are resolved.
  - Uploaded new materials to CONTENTdm for Angie W. Cox Public Library (Pardeeville) and Poynette Area Public Library.
  - Updated Windows on digitization kit laptops.
  - Cleaned up metadata in CONTENTdm.
- Local history Archives Digital Preservation Project:
  - Bagged and uploaded newly digitized materials to the back-up archive S3 server.
  - Did quality checks of materials uploaded to the back-up server.
- Recollection Wisconsin Inclusive Metadata Workgroup:
  - Met with the group. Started preparing for upcoming meetings.
  - Will be responsible for, and be working on, the following sections of the project outcomes:
    - Advice for descriptive practices (with Jodi Kiffmeyer)
    - Controlled vocabularies and subject headings
- Kit team:
  - With Craig Ellefson, updated the scanning kit with a slide and film scanner. Created documentation for using the scanner and updated the Kits and Equipment webpages on the SCLS website to include descriptions of the scanner.
- Other:

- Created the January SCLS Report to County Library Board/Directors Meetings.

## Tim

- **Data dashboard updates & design refreshes** – I've been working on redesigning several SCLS data dashboards as part of my annual data update process. I've added library branding elements to the dashboards, such as colors and logos, to match library websites. I hope that this will make the dashboards more useful to libraries by enabling easier incorporation of the data visualizations into marketing materials and strategic plans. So far, I've completed this work on the "[Circulation by Age Group](#)" and "[Home Library Cardholders by Age Group](#)" dashboards, and I'm currently working on the "[Circulation by Time](#)" dashboard as well.
- **2024 DPI Annual Report** – With Tracie Miller, I've been gathering and reformatting SCLS library data for the 2024 DPI Annual Report pre-fill. The reporting requirements have changed this year, and as a result, we no longer have to provide data measuring patron usage of online resources such as databases. In past years, this particular topic often created extra difficulties related to data collection as well as usage definitions.
- December meetings:
  - Led the ILS Reports Team meeting on 12/11.
  - Attended the DPI Library Services Data Workgroup meeting on 12/18.
